

Aurora Dynamics (Pvt.) Ltd.

Company Policy Handbook - Version 4.2 (September 2026)

This document sets out the core policies that govern day-to-day work at Aurora Dynamics. Please read it carefully and contact People Operations with any questions.

1. Introduction and Scope

This Company Policy document applies to all employees, contractors and interns of Aurora Dynamics (Pvt.) Ltd. ("Aurora Dynamics" or "the Company") across all offices, including the Lahore headquarters and the Karachi and Dubai offices.

The policy was last reviewed on 1 September 2026 and is reviewed annually by the People Operations team. Where this document conflicts with a signed employment contract, the contract prevails.

2. Code of Conduct

Employees are expected to act with integrity, treat colleagues and clients with respect, and protect confidential information. Harassment or discrimination of any kind is not tolerated and should be reported to People Operations or through the anonymous ethics hotline.

Conflicts of interest, including outside employment with a competitor, must be disclosed in writing to your line manager before they arise.

3. Working Hours and Attendance

Standard working hours are Monday to Friday, 9:00 AM to 6:00 PM, with a one-hour lunch break, for a total of 40 working hours per week. Core hours are 10:00 AM to 4:00 PM, during which all employees must be available regardless of where they work.

Overtime must be approved in advance by the line manager. Approved overtime is compensated with time off in lieu at a rate of 1:1, to be taken within 60 days.

Attendance is recorded through the PeopleHub portal. Repeated unexplained lateness may lead to disciplinary action under Section 8.

4. Remote and Hybrid Work Policy

Aurora Dynamics operates a hybrid work model. After successfully completing probation, employees may work remotely for up to 3 days per week, subject to written approval from their line manager. Employees on probation are expected to work from the office full-time unless otherwise agreed.

Remote work days must be logged in PeopleHub at least one day in advance. Employees working remotely must be reachable during core hours (10:00 AM to 4:00 PM) and must connect through the company VPN when accessing internal systems.

The Company may require in-office attendance for client visits, onboarding, team events and performance reviews, even on a scheduled remote day.

5. Probation and Confirmation

All new employees serve a probation period of 3 months from their start date. During probation, either party may terminate employment with 2 weeks' notice.

At the end of probation the line manager completes a probation review in PeopleHub. Based on the review, employment is either confirmed or the probation period is extended once by up to 3 additional months. Probation cannot be extended more than once.

Employees on probation are not eligible for remote work days (Section 4) or the annual learning budget until their employment is confirmed.

6. Expense and Travel Policy

Employees may claim reimbursement for reasonable business expenses. All claims must be submitted through PeopleHub within 30 days of the expense being incurred; claims older than 30 days are rejected automatically.

Receipts are mandatory for every expense above PKR 2,000 (or USD 10 for expenses incurred abroad). Approved claims are reimbursed with the next payroll run, no later than 14 days after approval.

Travel allowances: a daily per diem of PKR 5,000 applies to domestic travel and USD 75 to international travel. Flights are booked in economy class. Hotel accommodation is capped at PKR 15,000 per night for domestic travel unless approved by the Head of People Operations.

7. IT and Information Security Policy

All company laptops are managed devices. Passwords must be changed every 90 days and multi-factor authentication (MFA) is mandatory for email, PeopleHub, the VPN and all cloud consoles.

Personal USB storage devices may not be connected to company laptops. Company data must only be stored in approved locations (company Google Drive and the internal GitLab).

Suspected phishing emails must be reported to security@auroradynamics.example within one hour of receipt. Lost or stolen devices must be reported to IT Support immediately so the device can be remotely wiped.

Company laptops are refreshed every 3 years. Employees may request a replacement earlier only if the device fails a repair assessment by IT Support.

8. Disciplinary Procedure

Minor breaches result in a verbal warning, followed by a written warning if repeated. Serious misconduct, including breaches of Section 7, may result in immediate suspension pending investigation and can lead to termination.

Employees have the right to be accompanied by a colleague at any disciplinary meeting and may appeal a decision in writing to the Head of People Operations within 7 days.

9. Policy Review

This policy is owned by People Operations and reviewed every 12 months. Questions about any section should be sent to people@auroradynamics.example.
